

Curriculum Vitae

Name: Michael Campbell

D.O.B. 09/05/1986

Mobile: 07754 987 116

Gender: Male

Address: Kent

Email: info@mycalldev.com

Developer for 7 years:

Tech Stack:

- Django
- React JS (Typescript)
- Next JS
- Node JS
- Git Version Control
- Javascript
- Python
- Linux
- Server Configuration (Nginx)
- PostgreSQL
- REST API
- Agile Methodology
- CCNA, Networking
- Cyber Security (Penetration Testing)

Soft Skills:

- Articulate
- Great communicator (vast experience in public speaking and managing clients)
- Intuitive
- Collaborative

I am a Full-Stack developer predominantly working with Django, Python, Javascript, React JS, Next JS, Vanilla CSS, VPS, Nginx, Postgresql, GIT version Control.

I am well acquainted with working remotely and in the office. My previous experience was developing as a backend engineer for Fidel API, working remotely with my colleagues for various parts of the Globe.

To confirm and demonstrate my passion and skill set, I have created (very early stages) a 'Personal Teaching WebApp' to document my learning journey with the reciprocal vision to help myself learn whilst helping others: www.mycalldev.com
www.mycalldev.com/learnTolearn

Interests:

- Mathematics (Passed GCSE Year 10)
- Physics (Studied Open University - 97%)
- Electrical Engineering (Hobby)
- Mechanics
- Music Technology (College)
- Learning Spanish (2-3 years)
- Play Piano (Self Taught)
- Sport (Football, MMA and Boxing, Tennis, NFL, Rugby)

Summary:

In any role of engagement, I conduct myself with the utmost proficiency. Punctual and disciplined at all times with my behaviour, dress code, body language and articulation.

I seek the opportunity to learn from my peers and have an unwavering desire to collaborate. I believe in team-work and have witnessed from previous professional roles many successes.

Kind Regards,

Michael Campbell
